I strongly oppose HB3838. This brings another layer of hardships to small community based providers that is already highly regulated with no discernable benefit. Medicaid doesn't cover the care that is provided. A board that dictates wages and benefits for caregivers is disastrous for AFH businesses and will cause loss of jobs. They are already under paid and don't have access to benefits that absorb the cost. Adding more layers to comply with is crushing. Larger corporations may be able to survive but this will close smaller AFH reducing options for senior citizens, increase costs and eliminate jobs. OPPOSE Hb3838
