Measure, Appointment or Topic:	HB3755

I was born and raised in the state of Oregon and I am 65 years old. I believe this is one of the best bills i have ever seen to help seniors out in the state of oregon. My property taxes have overtrippled, since nineteen ninety nine twenty five years ago.

If they triple again by the time i'm ninety years old, just my taxes alone on my residence will be well over ten thousand dollars a year. Social security that I received right now is only sixteen hundred and twenty five dollars a year.

As you can see, it will presumably b well over half of my social security that I bring in. As a lifetime, resident and taxpayer in the state of Oregon. I believe we should have a freeze on our taxes at sixty five years old, so we can determine how much we need to bring in the rest of our lives to pay to live in the state of oregon in the residence that i've been.

Thank you
