I oppose HB2976. Non-profit groups related to interpretation of indigenous languages?? You want to spend our tax dollars to Create language proficiency evaluations??

Nonsense. Waste and fraud. English is the language of this country and every indigenous person I know (many) all speak English. Some of them can even write in English also. This is a money-laundering bill which needs to be stopped.

We are onto you. Stop the steal.

Thank you,
Jayne Simmons
