Measure, Appointment or Topic: HB3856

I oppose HB3856.

On behalf of the Oregon working-class who work full+ time jobs and are still barely able to make ends meet, I oppose this bill.

On behalf of Oregon retirees, who have worked hard their entire lives and are now having to stretch their fixed income to its limits, I oppose this bill.

On behalf of rural Oregonians, whose livelihood and very way of life is under constant assault by this legislative body, I oppose this bill.

Perhaps the legislators would like to examine where all the money they already have is going, instead of perpetuating their mismanagement with funding increases.

Perhaps the legislators would like to reexamine some of their regulatory measures and how they have impacted their own funding streams.

Perhaps the legislators would like to demonstrate to Oregonians some fiscal responsibility, just as the rest of must do when the times call for it.

Oregonians do not want nor can afford another layer of income taxes.
