Measure, Appointment or Topic:

HB3076

I am writing today in OPPOSITION to HB 3076. This bill seems wasteful of tax payers money and is unnecessary. FFL holders already go through a rigorous process to assure they are held to the highest standards. This bill, will eventually, create more red tape for law abiding dealers and gun owners that will do nothing to help reduce firearm crimes or criminals. If the intend is to reduce gun violence, then there should be stiffer penalties for criminals. Oregon needs to get tough on crime and stop all the soft penatlies. Our elected officials needs to stop trying to come after those who abide by the law and look at those who frequently don't. I urge you to vote NO on this bill.
