Measure, Appointment or Topic: HB2050

Oh behalf of the retirees from the Army and Air National Guard, I want to strongly support the proposed relief from Oregon Income Tax on their earned pensions. These service members have responded to every declared state emergency, providing relief and security for all affected. Additionally, they have spent many hours training and preparing for such service. Their service to our State and Nation can never be forgotten, an tax relief on their pensions is an appropriate way for the citizens of Oregon to say "thank you for your faithful service".
