Measure, Appointment or Topic: HB3075

This "law" is unconstitutional. I fought for this country in Afghanistan now you're gonna say I'm a criminal by passing this?! 2nd amendment is there a reason, shall not be infringed. You are defying your oath if you're in support of this. I raised my right hand just as you did but as an infantry soldier, to support and defend the constitution. Defend it! Defend our rights! Defend the people!!
