

Dear House Judiciary Committee:

I am writing in support of HB 3075-1 to ensure smooth implementation of Measure 114. I voted for Measure 114 as did the majority of voters at that time, and the courts have now found it to be constitutional. I am eager to see it implemented as soon as possible to achieve its goal of promoting safe handling of firearms and saving lives. HB 3075-1 will help ensure a smoother and more rapid implementation of Measure 114 now that it has survived judicial scrutiny, and I urge you to pass it out of committee as rapidly as possible.

Thank you for your consideration.

Gary Reiness
