Committee: Senate Committee On Housing and Development

Measure, Appointment or Topic: SB722

I urge you to stand with working class Oregonians and support SB 722. People are sick and tired of being abused by landlord rent hikes. Now we also have to deal with AI driven price rigging that attempts to squeeze every last penny out of people based on an algorithm. There is nothing more disgusting than using data against people in an attempt to take every last dime that they earn during an unrecognized recession, stagnant wages not keeping up with inflation since the 1970s. Understand that a vote against this bill is very much a vote against your children, family, and friends future. We need real leaders to stand up in this tumultuous time and support working people. This bill is a step in the right direction. Thank you for your consideration.

Sincerely,

Kyle Lloyd Chase
