

Submitter: Cary Fuesler

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

I own guns and would like to see legal gun owners keep the ability to protect this great nation with private guns that can hold a candle to any threat that comes our way it would suck to be invaded buy a foreign power and only have 5 or ten rounds to throw at them at a time when they have 2000 rounds before they ha e to reload
