Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I'm writing today in support of HB3076 which will make Oregon citizens and visitors safer. Gun dealers should be licensed & inspected. Oregon has a deep history of requiring various professionals to be licensed, and there is no reason why a gun dealer shouldn't also be regulated in this simple way. If a massage therapist has to be licensed, and a real estate agent, why not a gun dealer whose actions could very directly lead to putting dangerous weapons into the hands of criminals? For the safety of all Oregonians, please support HB3076. Lives depend upon it.

Respectfully submitted,

Susan Tone
