Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB3755

We have lived in our home for 25 years.... We are now in our late seventies and with our power bill & phone and homeowners insurance doubling in 2024 has really put a dent in the pocket book.... let alone all other costs to survive have also increased (groceries,gas,medicare premiums,auto insurance,prescription medications). We haven't been to a restaurant or do take out in nine years. Our only entertainment is watching TV. Last time we took a drive was in 2006 to the coast and back in same day.Our combined income falls well below the amount in this bill. Property tax relief would help offset some of the other costs of living that we cannot escape.There are many senior citizens that have worked hard all their lives that are in the same boat as us. Thank you for your time and consideration.
