

Submitter: Naomi Pusch

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB703

We need to make sure that undocumented immigrants become documented to prevent the breakup of families and ensure the vitality of our labor force and tax base. I know that many undocumented have lives here peacefully, paid taxes and otherwise contributed to society. Many of them have children who were born here and know this as home. We should do everything we can to ensure they and their families can live without fear of deportation. Thank you in advance for your support of this bill.
