

Submitter: Lisa Johnston

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3755

It is unfortunate that retirement is now synonymous with homelessness. So many programs and benefits are available to young families while seniors on limited incomes continue to struggle. It is time for Oregon to extend financial benefit to some of the most vulnerable population in our state. Anything to help the elderly is progress. Please move forward with measures that will protect low income seniors.
