On Behalf Of: Self
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3076

I strongly oppose House Bill 3076. Federal firearm licenses have to be federally approved and licensed through the ATF. Adding a state gun licensing program through the state of Oregon is only going to unfairly control citizens gun rights, while also putting small businesses out of business. The state of Oregon does not currently have the proper funding to support this bill. Further restrictions on gun ownership will cause Oregonians to reduce the number of legally possessed firearms purchases, and transfers within the state.
