Measure, Appointment or Topic: HB3075

I vehemently oppose HB3057 due it's violation of the US constitution's 2nd amendment. Additionally, it claims to make the public safer. There is no data to back up this claim, only speculation. In fact the cities and states with the highest murder and violent crimes rates are the cities/states with the strictest gun control laws ALREADY in effect! It will also cost the Oregon tax payer millions to implement and put an undue burden on an already burdened Oregon law enforcement. Measure 114 is a poorly written piece of legislation and HB 3057 is an attempt to copy and paste a terrible law, plus. I am urging Oregon law makers not to move forward with the bill and uphold their oath to the US constitution and the rights of the citizens that they serve.
