

Submitter: Cynthia Myhrvold

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3755

As a Native Oregon resident that has resided and worked in this state since 1958, I feel we should not be taxed for primary residence property. We are trying to make ends meet with pension, social security and then getting taxed again. Property tax should be eliminated.

I respectfully support ending taxes as listed in this bill
