Measure, Appointment or Topic: HB3786

As a north Oregon coast resident, I ask that you support HB 3786 relating to coastal research. The bill will allocate funds to the Oregon Ocean Science Trust for critical marine research.

In this time of climate change and changing ocean conditions, we must have all the needed scientific knowledge to mitigate and adapt to impacts to benefit both wildlife and people, especially rural coastal communities. Thank you.

Sincerely,  
Nadia Gardner
