

Submitter: Laura Jamieson

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB569

I oppose this bill. As a woman, I know that I could potentially benefit from this bill which could award me and punish others who may be more qualified than I to receive the grant or funds. Let's face the facts: "Diversity" awards by nature discriminate rather than reward good practice, and should be eliminated as unfair and un-American.
