On Behalf Of:	Quiet Clean Salem
Committee:	House Committee On Climate, Energy, and Environment
Measure, Appointment or Topic:	HB2067

We are proud to support this bill as it would further our goal to phase out gas-powered leaf blowers in the greater Salem area to stop the harm they cause to workers, the environment, and everyone nearby. We are working to raise awareness of this issue, promote healthier alternatives, and advocate for the elimination of these devices in the greater Salem area in a way that is fair and equitable. Please do what is quieter and cleaner for all Oregonians and get bill 2067 across the finish line. Thank you! Quiet Clean Salem
