House Committee On Judiciary

Measure, Appointment or Topic:

HB3075

I strongly oppose HB 3075. This bill will do nothing but put unrealistic and unreasonable requirements on law-abiding Oregonian's. The 2nd amendment is a right, it is not the privilage the state of Oregon is trying to turn it into. This bill not only violates the Oregon and United States' Constitution but also represents a waste of taxpayers hard earned money.
