HB3166

I voted against ranked choice voting in the last election. It would make voting more confusing for citizens, and easier to rig/manipulate/commit fraud. The people of Oregon voted no, it is fascist for the state government to force it on us against our will, and should be illegal. I am disgusted by the arrogance of the "elite" wealthy and corrupt politicians, who think that they know so much better than the people they are *supposed* to be working for. The citizens of this state voted for our leaders to enact the will of the people. To now force down on us what we rejected is a violation of their oath of office.
