

Submitter: Tony Oliveer

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB703

The state has limited resources but an over abundance of homeless vets, other homeless people, lack of mental health facilities, and a crime problem. We have many without jobs as jobs are leaving the state. There is no necessity to support people who have broken the law to come here when we are not taking care of those who are legally here and many who have served our country. We need to do a DOGE and determine if the NGOs really serve a purpose.
