

Submitter: Kirsten Davis

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2067

Dear House Committee on Climate, Energy and Environment,

I am writing in support of HB 2067. A rebate such as this one will help to facilitate a change from gas-powered leaf blowers to battery powered blowers. This will have a positive impact on our environment and health.

Leaf blowers produce significant amounts of pollution—per hour of use they emit the equivalent emissions of a car traveling 1,100 miles, according to the California Air Resources Board's 2021 report.

Please vote for cleaner, healthier neighborhoods by supporting HB 2067. Thank you!

Sincerely,

Kirsten Davis
