

Submitter: Krystal Hughes

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3755

Property tax on low social security income puts a huge burden on seniors. Its 3.5 months of my Income. It prevents me from doing home maintenance and health care maintenance for myself. Stress damaging my health because I can't replace roof after damage from heavy winds as well as a lot aging out at the same time.

Please create exception for seniors from property tax.

Thank you.
