

Submitter: Michael Brainard

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2067

This bill is only for leaf blowers used for commercial use.

Why doesn't this bill include battery powered lawn mowers, trimmers, chainsaws, and edgers?

If you really want to reduce noise and carbon emissions, then require they use residential leaf blowers

or allow for a rebate for all Oregonians to apply for battery powered commercial and residential leaf blowers.
