I do support this. My husband and me fall in the category of seniors and making \$150,000 or less. We try and budget for our property taxes and insurance. It takes a chunk of our money. We live in a manufactured home on a small piece of property. Yes, this would make so much easier on us living on limited income. If any of these representatives care about seniors like they profess everybody would support this. As I have seen from most of them they talk out of both sides of their mouths.
