

Submitter: Brad Loseke
On Behalf Of: Myself
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3076

I oppose this measure as we already have sufficient licensing requirements for gundealers under the ATF department of the federal government. State of Oregon need not add any further requirements. In my experience of 44 years living in this state, anything the state of Oregon touches legislatively ends up to be expensive, redundant, and with disastrous results for the people of this state. Stop it already!
