

Submitter: david Hocker

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I am opposing this HB3076, it seems like from all the comments that the ones that are in support of this bill have no idea what a gun dealer in Oregon is, ALREADY required to do or they will lose their license. If they have never been to a gun show they have no idea. I have tables at a gun show every now and then and I have to take the buyer to an FFL and have the background check done on EVERY gun that I sell or any that I buy. This requirement has NOTHING to do with the criminals that commit the crimes and the shootings, in Oregon. They are not going into gun shops and buying a gun. Please stop this bill from the books as it is just not something that we need more of just enforce the ones there already. Thanks for your time.
