

Submitter: Travis Owens

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

To whom it may concern

I oppose HB3076 as there are already numerous federal policies and hoops to jump to become an FFL dealer as well as numerous state policies and hoops to jump through to be a small in business in the state of Oregon. This seems like another money grab and will cripple all of the small business in Oregon that us as a consumer like to support and you as a governing body should protect. Also seems very slight handed with the lack of transparency for us a citizens should be prevy to.

Thank you

Travis Owens
