The voters clearly rejected ranked choice voting in the last election cycle so why is the party in power attempting to resurrect it? Because it will benefit them, just as open primaries do. This is nothing more than an attempt to tilt our elections even more in the favor of the major population centers in our state which are mostly comprised of hard core leftists. Once again, the voters overwhelmingly rejected measure 117 and it's time the legislature honor their decision and drop this very bad idea.
