

Submitter: Trent anderson

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

The reason for me is it's unconstitutional and limits the ability to protect my family with 10 rounds since we know criminals won't follow the rules. This bill also requires a permit to purchase a firearm that is not even available or funded yet. This will cause major hardship to the dealers small businesses that can't sell firearms.
