HB3166

You Democrats are at it again. This issue was crowd-sourced last November and you lost, yet here you go again. I think there is an element of disrespect of the voters at play here. Your party is at an all time low. Three recent polls, including your friends at NBC and CNN, show us that the Democrat party approval ratings are in the low to mid 20%. That's terrible for sure. Why don't you focus your energies on making life more affordable to seniors who represent a large voting block given the Baby Boomers are and have been retiring for years now. Do so would get their attention and mine. By the way, an Axios poll shows that Trump would have won by 5 Points if all registered voters had voted. Roll that up in your Socialist Pipe and smoke it. God, I hate cliches. Thank you
