

Submitter: Dylan Moreno

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

As an employee of a small, family owned, gun store, I am in strong opposition to this bill. There is zero transparency in this bill. FFL's already undergo a thorough application process, and already pay significant fees in order to obtain an FFL. There is no statement of the fiscal impact of this bill, and no statement as to how much the permit will cost local FFL's. This bill disproportionately effects small business owners, and is putting small towns 2nd amendment rights behind a pay wall. We as Oregon taxpayers, deserve to know what this bill entails, as well as the economic impacts of this bill. Small business's deserve a seat at the table of firearm sales. This bill WILL force local business's to close their doors forever.
