Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3075

**OPPOSE HB3075!**

This bill, as well as M114, is unconstitutional both in opposition to the second amendment of the US Constitution and Article I, section 27 of the Oregon State Constitution. This bill and M114 do nothing to make Oregon safer. In fact, they do the opposite. Criminals do not care what legislation you implement. They are going to go around any law and harm people no matter what legislation you implement. When you infringe on the rights of law-abiding citizens, such as this, to defend themselves and others, you are actually putting our lives at risk and making Oregon a more dangerous place to be. As our representatives, you took an oath to uphold the rights of all citizens. It is your responsibility to keep that promise. And in order to do that, you need to oppose this right-violating bill.

Thank you!
