Good morning,

I believe this is Oregon's way of stripping rights and making money at the same time. They find plenty of ways to tax Oregonians out of transit tax, sports we love, hobbies, utilities and so on. This will not do anything to prevent the making of criminals other than making criminals of us.

Let's start with permits, that has no beginning, middle or end of inception..... period.

I like doing shooting sports but I don't need my government, state or otherwise, tell me to give them money or else. I love to unwind after work and have fun. Not pay more taxes for tires, Portland or any other way they can come up with to take more of what i work for.

Next is magazine capacity, If you build it they will come. Meaning, everyone that can buy something goes bigger because they can. Can of worms, why do I need a dually dodge, because I can. If I want to haul something, I don't have to worry about what I can haul. If I want to have fun shooting paper, I don't have to load 15 times to get 150 rounds into the paper. FYI just like anything fun in Oregon has to be stripped because Oregon wants to make money. Sorry, that's why people are moving out of Oregon, California (which I moved from in 2010) and Washington. Don't get me wrong; the west coast is the best coast. But, I work hard to enjoy my hobbies.

Lastly, the Charleston loophole is like the gun show loophole. It's a selling point, every president since Clinton has been selling this since 1994 and the assault weapons ban. And it did nothing.

It's like taxing is the only thing Oregon can do to pay for its bills and homeless. I have a job that I hate because of this and bosses think they can govern this way. It's time to get back to common sense and bring moral back for the Oregon community. Stop the nonsense. Thank you for the time and hope this help's.
