Measure, Appointment or Topic: HB3007

Dear Members of the House Committee on Education:

I'm writing to communicate my strong support of HB 3007.

HB 3007 will help students who are recovering from brain injuries by requiring schools to provide appropriate, person-centered, academic, behavioral, social, emotional, and physical accommodations to ensure that the student has the best possible recovery.

No student ever wants to suffer a brain injury, but many still do. During their recovery, they may struggle with their classwork, their social interactions, their mental and behavioral health, and with physical pain. The last thing a school should do is make it harder for the student to recover.

HB 3007 will help ensure that students recovering from brain injuries get the support and accommodations they need.

Please support HB 3007. Thank you.

Signed,

Lauren Del Mar, MS, CCC-SLP
