HB3166

I strongly oppose HB 3166. First of all most of these provisions were just voted DOWN by the voters of Oregon. This is a blatant attempt to circumvent the intent of Oregon's voters. It is short-sighted and overlooks how easily it could be manipulated through "strategic voting." This bill makes such manipulation way too easy. If NAV voters want a say in primary elections they can simply register for a political party. It is an easy process, and then they can return to NAV if they choose. Let's assume our minority can master this skill, not just assume they cannot.

Please vote NO on HB 3166.
