HB3166

I am writing to oppose HB 3166, which proposes major alterations to our state's election process. After examination of the bill's provisions and its potential ramification, I believe this legislation would adversely affect the integrity of our electoral system. It undermines party representation and weakens political accountability.

This system could be exploited by political operatives flooding the ballot with candidates to split votes and manipulate which candidates advance.

Besides, this is a dark, back door attempt to over ride the results of the recent vote where much of this was rejected.

I urge you to oppose HB 3166.
