

Submitter: Lucinda Enterline

On Behalf Of:

Committee: Senate Committee On Human Services

Measure, Appointment or Topic: SB1168

All home health services including RN, PT and OT visits must meet Medicare requirements and have specific Oasis requirements which are extremely difficult and time consuming during this visit before the actual patient care begins. I live in Clatsop County which requires me to drive between 60 and 100 miles per day to see my case load. If home health services become pay per visit I will no longer continue as a home health wound nurse as it is not financially feasible. Please keep corporate health care and their greed from destroying care for my patients.
