

Submitter: Jean butcher

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

Guns are the NUMBER ONE cause of death for our children now. That must get everyone's attention! The stakes are high. I see nothing wrong with studying the establishment of a state gun dealer licensing program as this bill provides for, especially if such programs have reduced gun deaths in states that have such programs. Please pass HB 3076.
