HB3755

We my mother (97) and I 66 have been in this home for over 35 yearz . we really can't afford taxes. I only make about 26k a year between income and property taxes at some point we will not be able to afford taxes. I would love to see how any of the Oregon legislature live on that and afford medications food and up keep on our home. Also with the current administration (mostly democratic socialists) and that crazy governor) . its no longer what I can do for you but what you can do for me. Frankly Oregon state takes my money and does little to help us..
