I strongly oppose this bill. It is yet another attack on our Second Amendment rights. This is a double jeopardy against one type of business owner. Gun shops already have to go through a stringent repeated process to have a FFL to be able to sell guns. They also have to go through the process of having a business license in the state of Oregon. What would be the benefit of another licensing program except to target a particular business for winners and losers. This is wasted, taxpayer money once again. It is clear that the liberals in this state want to make it hard if not IMPOSSIBLE for the citizens to own firearms.
