

Submitter: Rae Richen
On Behalf Of: Victims of unregulated gun sales
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3076

Those who sell guns should be licensed and should be audited annually. There is no reason why a gun seller should object to being responsible for who he or she sell guns to. Any objections indicate an intent to sell without caring what kind of whack-job person you are selling a gun.

Pass this bill.
