I'm writing in support of HB 3076.

It is shocking that we allow gun dealers to operate with so little regulation. Nearly every other industry from taco trucks to nail salons are subject to inspections. We must ensure that the gun industry, on that deals with weapons capable of causing immense harm, is held to at least the same basic business standards.

The ATF is unable to effectively do its job, and it is crucial for the state to step in and address the issue. Please pass HB 3076 to help keep crime guns out of our communities.
