

Submitter: Alan Rathsam
On Behalf Of:
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB3076

I oppose HB 3076. Firearms dealers already must have a Federal Firearms License and an Oregon business license. Every firearm purchase requires a criminal background check before the sale. Criminals do not purchase firearms from dealers. They steal them or acquire them illegally. What more can HB 3076 accomplish by putting pressure on firearms dealers and restricting sales to their only customers --- law-abiding citizens?

HB 3076 does nothing to protect the public from criminal use of firearms, but it does reduce the availability of firearms to the public, making it more vulnerable to the criminal element while giving criminals the advantage.

PLEASE OPPOSE HB 3076.
