

Submitter: Lee Ann Price

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I am a registered voter in Redmond, Oregon. I am writing in support of HB 3076; this bill needs to be passed out of committee. One way to ensure that we know that gun dealers are following the federal and state laws and regulations for the sale of firearms is to inspect them and hold them accountable. Gun dealers need to be inspected regularly. Can you imagine a gun dealer being less accountable than a hair salon? State oversight will help ensure that gun dealers are operating lawfully and not selling firearms to individuals who are not eligible to purchase them. Please help keep all of us safer. Please pass HB 3076 out of committee. Thank you.
