Once again, you are trying to add more regulations and Burdens on law abiding, honest citizens of Oregon. It is amazing to me that the more laws that you misrepresentatives push upon the law, abiding citizens of this state the higher our crime rate gets.

You say it is for our own safety, but you go directly against the constitution of our state and of this great country we live in. You took an oath to uphold the constitution of Oregon and I assume the Constitution of the United States of America.

With these actions that you continually take you are breaking that oath.

It is with pride that I get share my opinion with you, but with great disappointment that I have to.
