

Submitter: Greg Meyer

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I find this bill a total over reach. It does nothing to stop crime and penalizes FFL's . This will create a new problem of black market gun sales in Oregon. Why isn't the legislature working on things like lowering the bar for civil commitments to address the mental health crisis. Enhancing punishments for criminals who use a stolen firearm in the commission of a crime. And where will the money come from to support this
