It is well past time for Oregon to stop going after the second amendment. Be it face on, or through back doors like they usually do. Start using our tax dollars to make Oregon a nice place to live again. Clean your act up. Look what cities have the highest crime, most homeless problems, the most unrest... it's all Democrat run cities. I was once proud to call myself an Oregonian because it meant something. The Democrats are drunk with power with a super majority. It's time they start using "common sense" and not their feelings to pass law
